ADDING VALUE TO YOUR FURNITURE

Here at FFTC we ensure that your furniture perform in service to meet the highest expectations. Our experts support you in the specification of your furniture range from design, through production, to your customer, by looking at the end user requirements and combining this with the test reports to facilitate future product developments.

Product testing at FFTC will give confidence to you and your customer that your furniture is suitable for the end use, reducing the potential for costly customer returns.

Suppliers, manufacturers and retailers are able to use FFTC to test complete items of furniture.
